OUR TESTIMONIALS

Meritor is an American company headquartered in Troy, Michigan, USA.

Thank you for the excellent services setting up and running our After market Spare Parts Distribution Centre in Talegaon since 2011. Your team's competence, proactive approach, flexibility, and customer focus consistently meet our high global standards. We commend your efforts and wish you the best!

AM/NS ArcelorMittal is the world's largest steelmaker.

AM/NS India has been associated with Ash Logistics and Traders Pvt. Ltd. for the past 8–10 years for transportation services. They handle 15,000–18,000 MT of monthly transportation volume and have consistently delivered reliable, safe, timely, and efficient services while maintaining professional coordination and compliance with safety standards.

Kimberly-Clark is an American multinational personal care corporation headquartered in Irving, Texas, USA,

Our imports at INPT faced severe delays, impacting inventory. Since engaging with AILSPL, our clearance, labeling, and transport lead times to Pune have dramatically reduced from 18–20 days, with lower costs. Your team's improvements in inventory planning are outstanding. We highly recommend AILSPL as a qualified supply chain partner for global organizations in India. We wish you success!

Teknos is a Finnish coatings company headquartered in Helsinki, Finland, offering advanced paints and industrial coating solutions globally.

We're very pleased with your excellent service and support during our formative years in India. As a Finland-based organization, starting our import and paint trade business here was challenging. Your team's depth of knowledge in freight, customs, transport, and warehousing makes you a "One Stop Shop" for all supply chain needs in India.
